For the attention of: EFG National Associations

Subject: Call for nominations to the Coordinator role in the Panel of Experts on Minerals

Dear friends, colleagues,

With this letter, the European Federation of Geologists launches a call to find a new Coordinator for the Panel of Experts on *Minerals and their sustainable use*.

The current PoE on Minerals coordinator Markku Iljina wishes to step down after many years of dedicated service. EFG wishes to express gratitude for the effort and time invested in the Panel of Experts work. Thanks to Markku and the committed members of the panel, the PoE on Minerals is currently one of the largest and most active expert panels within EFG.

We now search for a new Champion to shoulder the Coordinator role. The current momentum and good work of the Panel offers a great opportunity for any Candidate interested in the Coordinator position. The Panel scope is in demand and an appointment may open additional opportunities and possibilities.

EFG encourages you to send your candidature, nominate or share this call with whoever you consider could be a good candidate. More information on the Minerals Panel is available at the [EFG Panel of Experts page](#).

- EFG encourages diversity among applicants regarding gender, age and professional background.

European Federation of Geologists

- The Candidate shall be Member of an EFG National Association and is requested to present the EurGeol Title upon appointment.
- The working language will be English. Further language competence is appreciated. The Candidate shall declare language competences according to the [Common European Framework of Reference for Language skills](#).
- Work experience from other positions in EFG, an EFG National Association, other relevant Organisations or from research projects is beneficial but not mandatory.
- The current Panel coordinator will be available to ensure a good transition and a smooth transfer of responsibilities.
- Each nomination shall be supported by a CV and a motivation letter stating their experience and suitability for the post.

The application deadline is Monday 19th August 2024. You are invited to send your nomination along with a CV and a motivation letter of the candidate to the EFG Office (info.efg@eurogeologists.eu).

We look forward to hearing with you.

Yours sincerely,

Magnus Johansson

EFG Secretary General
